## Equitation Over Fences

**Pre-Entry June 13-20 Video Entries Due June 16-23**

**Be sure to read rules & video instructions found on the MIHA Facebook page.**

**Failure to follow instructions may result in a no score.**

This class is designed to show your form over fences and to highlight some other riding skills. It is only comprised of two sets of jump standards with cross poles 18" at center. This is so that someone with limited resources can still participate. Things to remember: We expect the courtesy circle before the first fence, correct leads are very important, ground poles are not required with cross poles but it is fine to use them and a helmet must be worn.

### Ring Set Up

Two sets of cross poles and standards set up at a slight angle towards the center of the arena. Jumps should be at least 10 feet off the rail.

Videographer should be between the jumps and the center of the arena. So the standards do not obstruct the view of the judge.

1. Trot to and over first fence.
2. Canter to and over fence 2.
3. Continue cantering to and over fence 3.
4. Continue cantering to and over fence 4 towards the far rail,
5. Looping to the right. pick up a hand gallop at the fence and continue to gallop until even with fences.
6. Stop and settle horse.
7. Pattern finished.

GOOD LUCK!
