

Which Team Can I Ride for?

Thank you for your interest in MIHA!

We understand that with the development of different educational options, it is not always clear how a rider should appropriately participate with MIHA. Please begin by referencing Article X-Organization of Teams, in the rulebook, which can be found at www.miha.org.

School types are defined as outlined by the Michigan Department of Education unless otherwise noted in the rulebook.

School enrollment documentation may be required, including 105/105c verification for School of Choice students.

If you have questions after reading Article X, please reach out to the coach for your intended team, the MIHA district chair for your area, and the current MIHA rules chair, as appropriate.

If you feel it is unclear how you should participate with MIHA, or you need assistance applying the MIHA rules to your particular set of circumstances, please submit as much information as possible in writing to mihaexecutiveboard@gmail.com. Include information such as:

- which institution will grant your diploma
- 105/105c verification
- a letter from your athletic director verifying your MHSAA sports eligibility, etc.

The MIHA executive board and board of directors will review all documentation and return a written decision regarding the appropriate path for your participation with MIHA.
